Subject: Bluffdale Letter

*Please file
Enforcement
50340022*

This is in response to a letter sent to us dated September 20 2006, sent to Bluffdale Sand and Gravel inc. Per the notice of violation (MN2006-03-12-01) contained in this letter we are to contact Bluffdale City directly and work out a settlement relating to a rock pit operation in Bluffdale. We did over 12 months ago have a mining operation and were permitted through the state. We have fulfilled all obligations relating to reclamation of the said property. We have had NO operations for the past 12+ months.

We will not be contacting any government agency on this issue. We look forward to responding to your further needs on this issue.

Regards
Tom Gyuro
